

DDF IN ACTION EVENT

Join TransCelerate for an in-person event, "DDF in Action," on 10 October. This interactive experience will bring together sponsor companies, clinical solution providers, and key industry stakeholders to exchange knowledge and collaborate on implementing the Unified Study Definition Model (USDM) and Study Definitions Repository (SDR) DDF solutions.

What to expect:

- **Connect and collaborate:** Engage with peers to develop the know-how needed to implement DDF in your company.
- **Explore pathways:** Discover pathways and proofs of concept for implementing DDF solutions in the near- or mid-term.
- **Educate yourself:** Learn about current and potential use cases to understand the value and benefits of integrating DDF across the end-to-end clinical lifecycle.
- **Create momentum:** Share ideas and collaborate to inspire engagement and action with stakeholders across the clinical ecosystem.
- **Hear from experts:** Listen to transformational enablers and learn about innovative vendor solutions.

Event location details:

- **Europe:** Hosted by Novo Nordisk in Copenhagen, Denmark
- **US:** Hosted by Johnson & Johnson in New Jersey, US

[Learn more here](#) if you're interested in submitting an abstract for this event before the 19 July.
